It is important to note that this job description is a guide to the work you will initially be required to undertake. It may be changed from time to time to meet changing circumstances. It does not form part of your contract of employment.

Edge Hill University

Job Description for the post of:

**Graduate Teaching Assistant (GTA) PhD Studentship - Player
Performance and Welfare in Rugby League
Full Time, Fixed Term for 3 years
EHGTA285-0422-R-R**

Overseen by: [The Graduate School](#)

Reporting to: Head of Department or other designated individual

Accountable to: Head of Department or other designative individual

About the Faculty/Department

Edge Hill University has a commitment to, and substantial track record in promoting, research that enhances the reputation of the University whilst underpinning the teaching curriculum and there are well developed processes to support postgraduate researchers (PGRs).

All postgraduate researchers (PGRs) are registered in the University's [Graduate School](#) and housed in the faculty or department that is most appropriate for the project on which they are working. The University has ambitious plans to strategically develop its research profile and this post forms part of those plans. We would be keen to see the post-holders engage in research that complements staff interests and, where appropriate, crosses the boundaries between subject areas.

About the Role

Graduate Teaching Assistants hold a unique position in the University, being both registered postgraduate researchers (PGRs) undertaking a full-time PhD in the Graduate School and carrying out teaching/teaching support duties.

PGRs with a GTA studentship will be expected to:

- Complete a programme of researcher development.
- Undertake tailored continuing researcher development.
- Complete a programme of training in teaching in Higher Education.

- Complete a PhD programme of research under the guidance of an appointed supervisory team.
- Undertake up to **six hours teaching** a week as directed by the Head of Department.
- Undertake up to **nine hours per week of marking and preparation**.
- Enhance the research culture of the department in which they are located, and of the University as a whole, by participating in development activities including publication and presenting at conferences.

The successful candidates will be allocated a mentor from the permanent teaching staff in respect of their teaching responsibilities, and a supervisory team of at least two suitably qualified members of Edge Hill University.

Eligibility

Candidates should have a good undergraduate honours degree level (2:1 or above) and/or a Masters level qualifications in a relevant subject area.¹

Although it is possible for candidates to apply for the GTA scheme more than once, candidates who have applied unsuccessfully on two or more occasions are unlikely to be shortlisted for interview.

International and EU candidates who require a visa to study in the UK will need to demonstrate that they meet the requirements for the relevant visa *and* possess appropriate English Language level demonstrated through an IELTS overall score of 7.0 with no element below 6.5 or [equivalent](#). **Evidence of English Language level must be provided at application to be considered.** Further guidance can be found [here](#).

Applications are not normally accepted from candidates who already possess a PhD in the same, or related, subject area, unless there are compelling reasons for doing so. If a PhD has been obtained in the UK as a Tier 4 (General) Student Visa holder, further sponsorship cannot be offered under the Tier 4 (General) Student Visa category, as this will not meet the academic progression requirements set by the UKVI.

Successful candidates **must** be able to commence PhD registration, and GTA employment, from **01 October 2022 on a full-time basis**.² All candidates are required to attend the Graduate School Research Degree induction on Saturday 01 October 2022 at the Ormskirk campus. Due to the nature of this role, we are unable to offer working from home options. In addition, GTAs are not normally permitted to undertake any other full time employment during their Studentship.

¹ Please note that candidates with a master's level qualification, but not a undergraduate honours degree (2:1 or above) supersede the minimum entry requirement. Candidates in this case are eligible to apply.

² Full-time PhD PGRs are expected to dedicate **35 hours, per week**, to their research. PhD PGRs, who are also GTAs, are required to undertake 6 hours teaching and 9 hours marking/preparing per week on top of this time dedicated to research.

Duties and Responsibilities

The duties and responsibilities of this post are as follows. The postholder will be expected to carry out the following as and when required:

1. Work with a designated Director of Studies and supervisory team to develop the research project into one suitable for registration for PhD at the University
2. Undertake a supervised programme of research with the aim of completion by the end of the contract
3. Support student learning including preparation and delivery of taught sessions (or external work-based placements, practicals, seminars and clinical practice as appropriate) as a member of a team within an established programme under the guidance of an allocated mentor (based on an average of 6 hours of teaching, and 9 hours marking and preparation, per week across the teaching year)
4. Monitor student progress against agreed criteria and intervene appropriately to support student learning, including marking student work (using marking schemes prepared by a permanent member of the teaching staff)
5. Perform administrative tasks directly related to the teaching role, including the maintenance of attendance lists and the submission of mark sheets by agreed deadline dates
6. Seek opportunities to give conference papers, present posters and submit articles to recognised academic media, based on the programme of research
7. Communicate effectively and using appropriate media to a range of internal and external groups including students, colleagues, supervisors and researchers.
8. Contribute effectively to the maintenance and continued development of teaching and research at Edge Hill University
9. Use initiative to deal with day-to-day issues using professional judgement regarding particular situations and refer problems as appropriate
10. Plan own day-to-day activity within a framework of agreed activity, coordinating own work with that of others to ensure effective achievement of targets
11. Be aware of risks in the work environment and the influence upon others, always working within scopes of practice and adhering to the relevant ethical guidelines and codes of conduct
12. Possess sufficient breadth and depth of knowledge to be able to contribute to the relevant programme(s) and engage in staff development to support the role

13. To abide by the University Research Code of Practice and the University Framework for Research Ethics (available via the Research wiki)
14. Carry out any other duties deemed commensurate with the post

In addition to the above all Edge Hill University staff are required to:

- a) Adhere to all Edge Hill's policies and procedures, including Equality and Diversity and Health and Safety
- b) Respect confidentiality: all confidential information should be kept in confidence and not released to unauthorised persons
- c) Undertake appropriate learning and development activities as required
- d) Participate in Edge Hill's Performance Review and Development Scheme
- e) Adhere to Edge Hill University's environmental policy and guidelines and undertake tasks in a sustainable manner
- f) Demonstrate excellent Customer Care in dealing with all customers

Salary: **£9,552** per annum plus benefits package

Hours: Full time studentship. GTAs will teach an average of 6 hours per week over at least 24 weeks of the academic year, or 144 hours in total over the full academic year

Selection Criteria

Candidates should note that shortlisting and selection will be based on the following:

- Information provided on the application form with regard to the applicant's ability to meet the criteria outlined in the Person Specification attached
- The **quality** of the research proposal
- The **synergy** between your qualifications, research experience and declared research interest
- Your *curriculum vitae*
- Performance at interview
- Supervisory capacity in the declared area of research
- Previous tutoring/teaching experience and related subject based qualifications
- The strategic and developmental needs of the University

Person Specification for the post of:

Graduate Teaching Assistant (GTA) PhD Studentship - Player Performance and Welfare in Rugby League Full Time, Fixed Term for 3 years EHGTA285-0422-R-R

11	Successful teaching experience or other evidence of the ability to be an effective teacher at this level		*	A/I

How to Apply

When you are ready to start the formal application process, please visit www.edgehill.ac.uk/jobs and click 'vacancies', search for the role you wish to apply for, and click 'Apply Online'. The online application form can be completed in stages and can be revisited at any time. The form automatically saves as you enter your information and it is simple to move backwards and forwards throughout at any time prior to submission. Help is available at each stage to guide you through the form. Before final submission, you can preview your application and can then choose to refine or submit the form.

For informal enquiries about this vacancy you may wish to contact: Andy Smith at smithand@edgehill.ac.uk

Please refer to the advert for the closing date for this vacancy, all applications must be submitted by 23:59 on this date. Following the closing date, we will contact you by email to let you know whether or not you have been shortlisted to participate in the next stage of the selection process. We try our best to inform all applicants within two working weeks following the closing date.

The Recruitment Process

Shortlisted candidates will be invited to interview and asked to give a presentation related to their research proposal. Successful candidates at interview will be put forward to a final selection panel which will make the decision on the award of the studentships. Candidates will not have to attend the final panel.

The closing date for all studentships is **Thursday 28 April 2022 at 23:59.**

At Edge Hill University we value the benefits a rich and diverse workforce brings to our community and therefore welcome applications from all sections of society.
