We also ranked 15th nationally for research power in sports research (THES, 2022).

We are committed to further enhancing the quality, impact, and profile of our research and education, and have ambitious plans for significantly expanding our knowledge exchange and continuing professional development activity with our extensive network of partners. These include community and professional sports organisations, businesses, charities, government bodies, voluntary sector groups, and the general public.

Our staff are committed to providing a high-quality teaching and learning environment, reflected by consistently excellent National Student Survey outcomes. Teaching and research provision are supported by high quality specialist teaching spaces based on our Ormskirk campus, including double sports halls, a gymnasium, performance analysis laboratory, sports therapy clinics and a musculoskeletal laboratory. Provision is further supported by well-equipped psychology, biomechanics and physiology laboratories.

The Department consists of 30+ FTE academic and research staff, alongside administrative and technical staff, and is based in the Wilson Centre, which provides office accommodation as well as fully equipped spaces for teaching.

About the Role

You will be expected to help further strengthen the quality, impact, and profile of our research, and/or expand our knowledge exchange and continuing professional development activities in areas aligned to your areas of expertise and the Department's strategic priorities.

The post may also offer opportunity to become the BSc Sports Therapy Program Leader, where you would provide strategic oversight of program delivery, development and ultimately re-validation, working closely with our accrediting body (SST).
