Summary

Job title:	Associate Director Legal and Compliance Services
Area:	Legal and Compliance Services
Reference:	EHM0321-0426
Salary:	£73,400
Contract Type:	Permanent
Hours:	Full Time (37 hours per week)
Location:	Campus based role. Hybrid with base at Ormskirk, Lancashire, L39 4QP
Accountable to:	Director of Assurance, Risk and Legal Services
Reporting to:	Director of Assurance, Risk and Legal Services

About the Role

The Associate Director Legal and Compliance Services will lead the University's legal operations and compliance function, ensuring effective coordination of legal matters, management of external legal advice, and oversight of key compliance areas including information governance, insurance and student casework. The role will support the University in identifying, understanding and managing legal, regulatory and compliance risks in a proportionate and practical way.

Reporting to the Director of Strategic Assurance, Risk and Legal Services, the postholder will work closely with colleagues across academic and professional services. The postholder will act as an intelligent client for external legal providers, ensuring that legal advice is appropriately commissioned, clearly understood, value for money, and translated into effective action for internal stakeholders.

The role will provide leadership for information governance and insurance services, supporting robust compliance with relevant statutory, regulatory and institutional requirements. The postholder will also take on oversight of student casework once established in post, helping to ensure that complaints, appeals, conduct, fitness to practise and OIA-related matters are managed fairly, consistently and in line with sector expectations.

The successful candidate will bring strong knowledge of the higher education regulatory environment, or comparable experience across related sectors, and the ability to operate confidently in a complex, multi-stakeholder organisation. A legal qualification or practising background would be advantageous, particularly where combined with sector regulatory experience, but the core requirement is the ability to coordinate legal matters, lead compliance activity, manage external professional advisers, and provide clear, pragmatic advice to senior colleagues. Applicants with experience in contract law, contract review or commercial agreements would be particularly welcomed, especially where they can support the University to manage routine and lower-risk contractual matters in-house and identify when specialist external legal advice is required.

Working arrangements: This role may be offered on a hybrid basis, with an expectation of attendance on site. Working patterns can be discussed and agreed with the recruiting manager upon appointment.
